NEW PRODUCT

3M Scotch-Brite Durable Flex Hand Pad

Scotch-Brite Durable Flex Hand Pads combine high performance features to give you the fast, consistent scuff your sanding jobs require.

- Tightly graded with more active mineral sites for fast, consistent action without compromising your final finish
- Flexible construction is conformable for more complete scratch in channels, grooves, tight spots and other hard-to-reach areas
- Durable, specially-coated to resist loading and prolong pad life
- Available in Red or Gray

OSHA Revises its Hazard Communication Standard

- Two significant changes contained in the revised standard require the use of new labeling elements and a standardized format for Safety Data Sheets (SDS) formally known as Material Safety Data Sheets (MSDS).
- Employers are required to train workers by **December 1, 2013** on the new label elements and safety data sheets format to facilitate recognition and understanding.
- For more information see the OSHA web site www.osha.gov/dsg/hazco

Born and bred in America, the **PPG Deltron®** refinish brand offers a full range of easy-to-use products and systems to meet the specific needs of traditional collision repair centers as well as custom shops and motorcycle builders. **Deltron DBU** was **PPG's** first basecoat system, debuting in 1983, and soon became North America's best-selling basecoat. **Deltron DBC** basecoat, featuring toner enhancements, debuted in 1991. **Concept® DCC** is **Deltron's** easy-to-use, direct gloss system. **PPG's** **Deltron® 2000 (DBC) Basecoat** is a state-of-the-art, premium quality basecoat/clearcoat system designed to reproduce the hi-tech O.E.M. finishes found on today's import and domestic vehicles.
