PAINT GUN CLEANING

Keeping your paint gun clean is the best thing you can do for your next paint job. Clean your guns thoroughly after each use and completely disassemble the gun once a week to clean and inspect it.

Check with staff at ABS if you have any questions on gun cleaning supplies or techniques to clean your gun. Need repair work on your gun? We can handle that too. Let your ABS rep know or bring your gun by the store.

National
Car Care Month

April is National Car Care Month and ABS has the all professional care cleaning products you need.

- Professional Carwash Cleaners
- Bug Release
- Waterless Wash & Wax
- Glazes
- Mystic Clay Bars
- Compounds
- Final Inspection
- Vinyl, Leather, Rubber – Cleaner & Conditioner

NEW SOP Videos

The PPG training department is pleased to announce the launch of ten new standard operating procedure videos for the refinish industry. This new series of videos expand our video library to include the following SOPs:

Metal Parts Preparation

- [PD-010 Light Body Repair Surface Prep Process](#)
- [PD-0115A Metal Surface Preparation Bare Aluminum](#)
- [PD-0115S Metal Surface Preparation Bare and Galvanized Steel](#)
- [PD-0120 Metal Parts Preparation E-coat Primer](#)
- [PD-0130 Metal Parts Preparation LKQ Painted Parts](#)

Product Application

- [PD-0702 Internal Repair Product Application](#)
- [PD-0730 Clearcoat Application](#)

General Processes

- [PD-0235 Bumper Sensor Painting Process](#)
- [PD-0631 Identifying a Color Formula](#)
- [PD-0632 Creating a Spray out Card](#)

The new videos join our current SOP video library and are available on the PPG Refinish website under [Training Tech Tips](#) and the [PPG Refinish \(USA/Canada\)](#) YouTube channel.
