NEW Product

**POR 15**

1K BEDLINER

**POR-15<sup>®</sup> OEM Bed Liner** is formulated to provide professional results and performance in a DIY system that can be brushed, rolled or sprayed over correctly prepared surfaces. Surface preparation should include cleaning and surface abrasion using 80 – 120 grit sandpaper. **POR-15<sup>®</sup> OEM Bed Liner** is a water-based, rubberized coating ideal for protecting truck beds, and all other metal, aluminum, fiberglass, and wood surfaces that are exposed to impact and scuff related environments. Formulated with **POR-15<sup>®</sup>** rust preventive technologies **POR-15<sup>®</sup> OEM Bed Liner** offers superior adhesion, impact resistance, and flexibility, as well as an attractive, textured semi-gloss black finish that provides the ultimate in truck bed protection. **POR-15<sup>®</sup> OEM Bed Liner** is UV stable and will resist damage typically caused by exposure to UV. **POR-15<sup>®</sup> OEM Bed Liner** is a low-odor product that can be cleaned up with soap and water and does not have a limiting pot life. Any unused product can be resealed in its container and used later for touch-up or on other projects. For the ultimate in protection apply over **POR-15<sup>®</sup> Rust Preventive Coating**.

**Auto Body Supply**  
will be closed on  
Tuesday, July 4<sup>th</sup>  
Have a Safe &  
Happy Holiday!

## Be Aware of Rising Temps!

It's that time of year when outside dew points and temperatures are on the rise and so is the temperature in your spray booth. Hopefully you're starting to think about changing your reducer and hardener selections to reflect your warmer environment. As temperatures increase, using faster, low temp hardeners and reducers may negatively impact your paint films. Problems such as poor metallic orientation or excessive orange peel or solvent popping of your clear coat may all be caused by using too fast of a reducer or hardener in your warmer environment.

As temperatures and dew points begin to climb, be aware of your choices. Use the proper reducers and hardeners for your conditions to insure a productive and successful paint job!

### Don't Take a Chance on Your Safety!

We carry all the necessary safety items, including hearing protection, safety glasses, respirators, gloves and spray suits. Let us know what you need.

**ENVIROBASE<sup>®</sup> High Performance Paint**

★
