PPG UV Primer SUA1080

The PPG ONECHOICE® UV Primer Collection provides access to an entire suite of products to complete quick and professional small surface repairs with the ease and efficiency of UV processing that can be over coated with any PPG refinish topcoat. The **SUA1080 Primer Surfacer (Aerosol)** uses technology that allows you to sand the primer surfacer just two minute after application. The **SXA1081 UV Primer Cleaner** also comes in an aerosol and removes the residue left after curing.

Features & Benefits

- Ideal for rapid repair process
- Aerosol Packaged
- 2 minute cure
- Ready to use
- Maximum productivity
- Labor savings
- Increased vehicle throughput

Wasteful Processes such as redo's, over-mixing, over-application and product waste cost your shop \$\$\$. They also waste time, lower production and create shop bottlenecks.

Did you know that wasteful shops use up to 50% more paint liquid while efficient shops use 20-30% less than the average shop?

Let us help you identify and control waste in order to achieve maximum output. Talk with your **ABS** rep to set up a time to discuss.

Shop Owners, Managers
& Estimators

SAVE THE DATE

**JULY
25th**

ROUND TABLE

Presenters: James Rodis & Dave Yard/NABA
Discussion on:

- Getting Paid for Paint & Materials
- Improving Gross Margin
- Best Business Practices
- Review of OEM Procedures in detail through the course of a repair
- Writing a Thorough Estimate
- Much More

Event fliers are coming out soon. Early sign up encouraged as the event space is limited.
