

Auto Body Supply

Joins **I-CAR**

Sustaining Partner Program

PPG is proud to announce that it has joined the recently formed **I-CAR**® Sustaining Partner™ program. The Sustaining Partner program is a long-term initiative that engages the collision industry's leading suppliers to support **I-CAR** in its value-driven technician training opportunities.

PPG JOINS I-CAR SUSTAINING PARTNER PROGRAM

The program's goal is to generate additional funding that will help decrease the cost of delivering **I-CAR** quality training to collision repairers and increase financial support to vocational institutions. **PPG's** participation as a Sustaining Partner underscores the company's commitment to **I-CAR's** efforts. Collision repair professionals and students benefit by greater access to quality education and knowledge sources and subsequent employment opportunities and advancements. By joining the Sustaining Partner program, we are taking the appropriate steps to ensure the future of quality collision repair"

How do the most Successful Shops Manage Materials?

1. They charge properly (including getting paid when they are capped).
2. They have inventory in labeled cabinets and track who takes what.
3. They request separate paint, allied & tool accounts to itemize and track purchases.
4. They use the Touch Mix for more than a scale.
5. They buy products based on the return in productivity....not just what's least expensive.

We are here to help. Give us a call or talk to your ABS rep for more information and assistance.
