

Auto Body Supply, Inc.

Material expense is often cussed and discussed by body shop owners and managers. The national average gross profit is about 25%. Managing your paint and materials properly can improve on that with the help of PPG's Paint Manager. Paint Manager's 40 reporting and tracking features help managers and technicians effectively manage the productivity and profitability of their paint mixing operation.

FEATURES FOR OWNERS AND MANAGERS

- Cost per refinish hour with gross profit margins reports
- Painter mix accuracy reports
- Repair order invoice breaks out paint material costs
- Provide assistance to insurance supplements when material costs are higher than estimate

FEATURES FOR TECHNICIANS

- Formulations for OEM cars and trucks, commercial fleets and custom colors
- Latest primes, variants, custom and special field formulas
- Special field variants carry make, model and year information
- Updated monthly via internet
- Product Data Sheets for the latest products

One of the staff at **Auto Body Supply** can help you utilize your Paint Manager software to the full potential.
